

Newport Mercury

VOLUME CXXXV—No. 24. NEWPORT, R. I., NOVEMBER 19, 1892. WHOLE NUMBER 6,992.

The Newport Mercury,
—PUBLISHED BY—
JOHN P. SANBORN,
132 THAMES STREET,
NEWPORT, R. I.

THIS NEWPORT MERCURY was established in June, 1856, and is now in its 36th year. It is the oldest newspaper in the United States, and has been published continuously since that time. It is a large quarto, and is published weekly, except on Sundays and holidays. It is published at the office of the publisher, 132 Thames street, Newport, R. I. The price is \$1.00 per copy, and \$5.00 per annum in advance. Single copies are sold at 5 cents. The office is open from 9 o'clock A. M. to 5 o'clock P. M. The publisher is John P. Sanborn.

Local Matters.

Improvement Notes.

Mr. Joseph Meyer is about to have the building which he occupies on Spring street torn down and Mr. J. D. Johnston is now at work upon plans and specifications for a new block to be erected in its place at once. The new building will measure 51x71 feet on the ground, be three stories high and of old Dutch style. The first story will be in two stores, both to be occupied by Mr. Meyer; the second story in a hall 67 feet square with two ante-rooms, and the third story will be similar to the second. The first story of the building will be of brick, the front being pressed brick, and the rest wood.

Mr. Johnston has also prepared plans for a \$7000 summer cottage to be built at Jamestown during the winter for Mr. Arthur B. Enmons. The location of the cottage will be near that of his brother's, opposite the summer residence of the late Admiral Porter.

The Merchants Bank building on Thames street is to be remodeled. The banking apartments proper will be enlarged, and a new entrance to the upper floors will be made without going through the banking rooms. Mr. Johnston is understood to be at work upon plans for these improvements.

The building being erected on Coggeshall avenue for Mr. O. H. P. Belmont is now closed in and ready for the interior finish. This building is to be a combination of stable and dwelling and will cost about \$125,000. The stable will have accommodations for 35 horses, carriages, etc., and be, when completed, one of the finest private stables in this country, while the bachelor apartments will be second to none in elegance of arrangement and finish.

Mrs. H. M. Brooks has this week awarded the contract for what is to be one of the largest and most expensive stables in the city. McNeal Brothers of Boston are the builders. It will measure 110 feet in length and occupy the same site as the old one.

Mr. J. D. Johnston has prepared plans for some alterations and improvements to Mr. O. R. Robert's recent purchase on Bellevue avenue—the Duchess DeDino villa.

Mr. J. D. Johnston is going to build a two-room addition to Mr. Julien T. Davies cottage on Purgatory road, and considerably enlarge and otherwise improve Mr. David King's stable on Parker avenue.

Mr. P. H. Horgan has broken ground for two new cottages on his lot at the corner of Broadway and Peckham avenue. They will be eight room cottages fitted up with all modern improvements. One will front on Broadway and the other on Peckham avenue.

A. R. Bishop is building a modern two-story cottage on Dresser street for Mr. Anthony Schmidt of this city.

Mr. and Mrs. Thomas A. Lawton are having a new stable built on their lot corner of Broadway and Rhode Island avenue.

Election of Officers.

Buyer Lodge, No. 8, A. F. and A. M., has elected the following officers for the ensuing year:
Worshipful Master—William S. B. DeCoursey.
Senior Warden—Daniel J. Ayler.
Junior Warden—William H. Dixon.
Treasurer—Daniel Smith.
Secretary—Thomas H. Williams.
Marshal—Colman S. Horrell.
Senior Deacon—Clark C. Winton.
Junior Deacon—Charles C. Carter.

School Board Meeting.

The public school board held its regular monthly meeting Monday evening, Chairman Sheffield presiding, and Messrs. Peckham, Nathan Barker, Perry, Horton, Corzans and Sherman being present. There was little business of importance and the session was a short one.

The committee on Industrial School reported that every thing was now ready for opening the boys' school in the Townsend Building on Broadway and that the number of applications for membership already received broke the popularity of the institution. The apartments had been piped for gas at the personal expense of Col. Sheffield.

The transient officer reported having investigated fifty-eight complaints and that at the present time he had none for habitual truancy.

Superintendent Baker made a general report of his charge for the month and offered several suggestions regarding the proposed educational exhibit at the coming Columbian fair. He gave as the school register for the year the following: Boys, 987; girls, 1,043, a total of 2,030. Average number daily attending—Boys, 898; girls, 980; total, 1,878. Average number daily attending—Boys, 844; girls, 910; total, 1,754. Per cent. of attendance—Boys, 90.7; girls, 93.7.

A Bad Accident.

Mrs. Theodore Phinney met with a very painful and serious accident Thursday. While Mrs. Phinney was dressing before an open gas fire about 8 o'clock Thursday morning, a spark caught her dress, and gained considerable headway before she had any knowledge of her danger. Finally the flames attracted her attention and she screamed for help. Her daughter came to her assistance and succeeded in extinguishing the flames, but not before Mrs. Phinney had suffered severe burns principally about the chest and arms. Medical assistance was called, and everything done to alleviate Mrs. Phinney's sufferings, but without avail, and she died Thursday night. Her husband, who had been in Chicago, returned unexpectedly about two hours after the accident. The deceased was a most estimable lady whose generosity and thoughtful kindness had done much to brighten the lives of those less favored than herself and she will be sadly missed by the community to which she has made her home for several years.

Kidder-Tripp.

The second entertainment of the justly popular Pastime Entertainment course, took place at Masonic Hall Tuesday and notwithstanding the fact that the rain came down in torrents, a very large audience was present. And they were more than satisfied with the entertainment provided for them. The Messrs. Kidder and Tripp were irresistible in their various roles and provoked much merriment by their humorous selections and much praise for the artistic and finished style with which they touched on both love and heroism. The next entertainment will be by the Columbia Concert Company on the 26th ult., and will no doubt be as good as the former ones have been.

There was a lively runaway on Long Wharf Thursday afternoon. Mr. M. A. McCormick left his team standing on the wharf while he was loading up some freight. The horse was all right until the steamer City of Canton left off steam, which so frightened the animal that he dashed up the wharf, colliding with Mr. W. K. Covell's and Mr. Gideon Smith's wagons, somewhat damaging both and throwing Mr. Smith's horse down. Mr. McCormick's wagon was completely wrecked. It is very fortunate that the runaway did not reach Thames street as more serious accidents would probably have happened.

Mr. Galen Davis while at work on Mr. B. W. Pearce's roof on Thames street Thursday, slipped and fell to the ground, sustaining a compound fracture of the ankle. Dr. Sweet was sent for and set the injured member, rendering Mr. Davis as comfortable as possible under the circumstances.

It is understood that the tract of land on Bellevue, Ruggles and Coggeshall avenues, belonging to the estate of the late Geo. A. Richmond, was sold this week for \$85,000. The lot contains 330,345 square feet.

Mr. and Mrs. William S. Livton are to spend the winter in Europe. They will sail on the Ita proxima and the Italian line steamer City of New York for Queenstown and will visit England, Ireland, Scotland and Wales, returning in April.

Recent sales of local stocks by J. H. Burdoy, Jr. & Co. include National Exchange Bank at \$70 and Street Railway common at \$103.

KILLED BY A COMPANION.

Michael Shea Died From a Blow on the Head Said to Have Been Inflicted by Accident.

Michael Shea, a young man commonly known among his intimates as "Dick" Shea, died at the New-Port Hospital Monday morning from injuries said to have been accidentally inflicted the day before by a companion named Jeremiah Harrington. Harrington was immediately put under arrest on the charge of manslaughter and the matter is being investigated by the police.

Young Harrington admits having probably caused the death of Shea, but says it was by accident, and his story of the unfortunate affair is corroborated by witnesses. It seems that Shea had entered a barn on Callender avenue occupied by his employer, Mr. O. B. P. Coggeshall, for the purpose of taking a nap; that later a number of friends, including young Harrington, came in and annoyed him to prevent his sleeping, until finally he picked up and threw a cart stake at them, hitting Harrington in the leg; that Harrington becoming angered at this, threw the stake back striking Shea on the left temple; that Shea declared himself not seriously hurt and that if they would leave him to finish his sleep in peace he would be all right; and that Harrington and his companions then made him as comfortable as they could and left him.

This was the last seen of young Shea until between 6 and 8 o'clock Sunday evening when he was found in the barn by neighbors and taken to the hospital in the city ambulance. An autopsy and coroner's inquest revealed no new facts and Harrington was held for the grand jury without bail.

Not Guilty.

John Roach, charged with the recent assault upon Mrs. Warren and her daughter, was given a hearing before the District court Wednesday and discharged. Mrs. Warren and her daughter thought they recognized in Roach the man who had assaulted them on the night of Nov. 1, but he proved by several witnesses that he was elsewhere at the time of the assault and, consequently, was released.

Great Sachem John J. Peckham of the Great Council of Rhode Island, Impressed Order of Red Men, has fixed his dates for his annual visitations with the Great Chiefs of the Great Council to the various tribes in this State as follows: King Philip, Providence, Jan. 2; Ossamequin, Pawtucket, Jan. 3; Watchemoket, East Providence, Jan. 6; Wamutta, Providence, Jan. 9; Peltanoussett, Providence, Jan. 12; Narragansett, Natick, Jan. 18; Taboma, Providence, Jan. 19; Canonohet, Valley Falls, Feb. 3; Woonat Shasutt, Newport, Feb. 8; Squamut, East Providence, Feb. 10; Metamora, Providence, Feb. 24; and Wameta Council, daughters of Pocahontas, Providence, Feb. 15.

Grand Warden John J. Peckham and other members of the Grand Lodge of Rhode Island, New England Order of Protection, will make their annual visitation with the various subordinate lodges in this state as follows: Pawtucket, Dec. 23; Hope, Woonsocket, January 6; Malbone, Newport, January 11; Valentia, Providence, January 17; Narragansett, Providence, January 23; Narragansett, Providence, January 27; Wamutta, Providence, February 13. Providence and Westminster of Providence and Pocahontas of Cranston, dates to be fixed hereafter.

The evening schools opened Wednesday evening with a very good attendance, but owing to the inclemency of the weather the number was not so large as last year. The pupils ranged in age from 10 to 19 years and entered upon their work with an earnestness that was very encouraging to the teachers.

Mrs. F. W. Vanderbilt will give her annual Thanksgiving dinner to the newboys at Masonic Hall Thursday. All news, telegraph and messenger boys of the city, are to be the invited guests.

The position of keeper of the City Asylum, made vacant by the death of Mr. W. S. Bacheller, has been filled by the committee for the balance of the year by the appointment of Mr. Robert C. Bacheller, son of the deceased.

Newport was visited with a severe wind and rain storm Tuesday night and Thursday many of our citizens visited the Cliff walk from which the scene was grand.

The many friends in this city of Mrs. S. W. Stevens, who has been seriously ill at Yonkers, N. Y., will be pleased to learn that she is now on the road to recovery.

Old Colony steamer Island Home, of the Mynra's Vineyard line, was towed here Sunday for repairs, she having broken her shaft.

The grand jury is still at work upon the Borden case and will hold a session in Fall River today.

CELEBRATING VICTORY.

The Democrats Made a Big Street Parade Monday Night.

The Democrats of the city turned out en masse Monday night in celebration of the national victory attained at the polls on the 8th instant, and they made a very creditable showing. The line was formed on Washington square and passed out Broadway to Spring street, down Spring to Touro, down Touro to Thames, down Thames to Lee avenue, up Lee avenue to Spring street, up Spring to Perry, up Perry to Bellevue avenue, along Bellevue avenue to Catherine street, through Catherine, Ayer and Flannels streets and Rhode Island avenue to Broadway, out Broadway to Bliss road, where it counter-marched, down West Broadway and Marlboro street, through Bridge to Washington, along Washington street and up Long wharf to place of starting, where it was disbanded. Many places along the line of march were brilliantly illuminated and every street through which the procession passed was aglow with colored fire, sky rockets, etc.

The line was made up as follows and included a number of Republicans whose presence was in payment of wages lost in the election:

Chief Marshal Louis Stettin and Staff.
First Ward: Daniel J. Ayler, Leader.
James M. Nichols, Captain.
Father Mathew Drum Corps, John Baras, Leader.
J. J. Van Allen Association, M. E. Fitzgerald, Leader.
New Hampshire Band, Prof. Greenwood, Leader.
Fourth Ward: B. F. Peckham Association, Captain.
Fifth Ward: Captain Sullivan.
Carriage containing Mayor Honey, Captain Waters, W. J. Underwood and E. M. Mayor.
Carriage containing William L. Clarke, William O. Corzans, James Clarke and Lewis Brown.
Scholars of Rogers High School.
Fort Adams Band, Prof. Donovan, Leader.
Second Ward: Drum Corps.
Fifth Ward: Captain Sullivan.
H. A. Carey Cavalade, P. J. Hayes, Captain.

An Election Bet Paid.

Mr. Edward A. Barlow wheeled Mr. Matthew Schoentzler in a barrow from Washington square to the Gas Co.'s works and return, last Saturday evening in payment of an election bet. The affair was made considerable of the barrow and its occupant and pusher being headed by a marshal and his aids, a drum corps, etc., and followed by an immense throng of boys. The streets were crowded with interested spectators and the affair created much amusement.

Company H, of Continentals, of the late Harrison and Reid battalion, held a meeting Tuesday evening and voted to disband. The handsome American standard, which had been presented to them, was voted to Captain C. W. Brown as a token of appreciation for services rendered.

The Mission Band of the First Baptist church, held their annual meeting Wednesday evening in the vestry of the church. Very enjoyable exercises were held, the annual reports of the Board and of the Treasurer were read, and they showed the affairs of the Band to be in a very flourishing condition.

Miss Gwendolyn Caldwell, the young lady who gave \$100,000 to the Catholic University at Washington, has been seriously ill with typhoid fever at the Fifth Avenue hotel for over a month, which threatens to leave her, should she recover, a cripple for life.

A noticeable feature of Monday night's Democratic parade was a landau drawn by four horses and containing Mayor Honey, ex-mayor Slocum, Alderman Waters and Hon. W. J. Underwood. It was driven by the Veteran Whip Vars and surrounded by a mounted body guard.

The horse show at Madison Square Garden has taken our late-staying cottagers to New York this week, but most of them will return for Thanksgiving and some even for Christmas.

Messrs. Whipple & Derby have rented for Mr. J. M. Hodgson his Bellevue avenue cottage to Commodore Gerry for the season of 1893.

There were no less than three runaways in Newport Tuesday, each resulting in a share of excitement but neither doing any serious damage.

A Sunday school concert was given at the Central Baptist church Sunday evening. The programme was an excellent one and it was well rendered.

No hope is now entertained for the recovery of Mrs. August Belmont, who has been ill at her residence in New York for some time.

Superintendent Dryer of the Newport Reading Room intends building a residence upon his recent purchase on Dresser street.

The New Bedford football team is expected here this afternoon to play the Aquidneck.

WEDDING BELLS.

Hopkins Copeland.

Channing church was the scene of a very pretty wedding Tuesday, Mr. Samuel Hopkins, son of Mr. and Mrs. Charles T. Hopkins, of this city, and Miss Ida L. Copeland, daughter of Mr. and Mrs. Harvey Copeland, of Portsmouth, being the high contracting parties. The church was very prettily decorated with palms, tropical plants and yellow chrysanthemums. The bride, who wore a nearly-fitting traveling gown of brown Bedford cord trimmed with blue silk with bonnet to match, and carried a bouquet of lilies of the valley, was given away by her father, and was unattended by either bridesmaid or maid of honor. The groom was accompanied by Mr. John Sprague of Fall River, who acted as best man. The ushers were Messrs. Harry Lawton, Harry S. Manol, Lincoln Hammett and Dr. W. H. Carry. In the evening the happy couple left on their bridal trip, after which they will take up their residence in Fall River.

Real Estate Sales and Rentals.

A. O'D. Taylor has sold to John Kerins for Nicholas Peterson, a lot of some 4000 feet of land on Thames street, lying to the south of the Gas works.

A. O'D. Taylor has sold for \$1700, cottage and 3000 feet of land on Mail-land court, for Mrs. Della Bohanna to Frank Anton Peterson.

A. O'D. Taylor has sold for Mrs. Edward King, a lot of 7600 feet on south side of Dresser street, off Annandale Road to Mr. Joseph Barrett, superintendent of the Newport Casino.

A. O'D. Taylor has leased the half of No. 11 Prospect Hill street, for Benjamin Oman to William A. Ward of the Post Office service.

Anthony Maher has sold at Mortgagee's sale all his right, title and interest in a lot of land on Coggeshall avenue to Ellen T. Baker.

Messrs. Whipple & Derby have rented for the heirs of the late Alfred Smith their villa on Bellevue avenue, known as the "Train Villa" to George B. de Forest, Esq., of New York, for next season.

John Hilton has sold 4,000 square feet of land with buildings, at 601 Thames street, to S. Jennie Hilton, for \$1, etc.

The Silas G. Shaw estate on Spring street, including two dwelling houses and 7,073 square feet of land, was sold at mortgagee's sale Monday to Patrick Buckley for \$7,701.

The regular meeting of the Ministers' Union was held at the United Congregational church Monday morning, Rev. Dr. Bass presiding and presenting a highly interesting paper on the Eschatology of John's Gospel. Rev. Mr. Howes of the Second Baptist church, and Rev. Mr. Arrington, of the First Baptist church, were elected members of the Union and it was voted to hold the next meeting at the First Baptist church.

Department Commander Ray and staff made an official visitation to Charles E. Lawton Post Wednesday evening. The visitors were met at the New York boat by the Post and escorted to the Hall where a substantial supper was served, after which some interesting old-fashioned exercises took place.

The men's industrial school opened Wednesday evening and 57 men appeared to take the course in mechanical drawing, and 15 in bookkeeping, making 72 pupils in all, fully 50 per cent. more than was expected, and it is thought that the school will have to be kept open additional evenings in order to accommodate all who wish to attend.

Mr. Joseph Sharp, a well known and highly esteemed citizen, died at his residence on Elm street, Tuesday morning in the 74th year of his age. He was a brother of Mrs. H. H. Young and Mrs. William Allen, of this city, and of Mrs. John S. Adams of Bristol. His funeral was solemnized on Thursday afternoon.

The gale Tuesday night caused Providence river to rise, and as a result the cellars of many of the stores on Westminster street were flooded by the backing of the sewer water and much damage was done.

The Democrats of the city are arranging for a permanent organization and expect to start out with at least 200 members.

GOING INTO HISTORY.

Proceeded by JAMES C. SWAN.

A MARINE PALACE.
How Solomon built himself a royal palace, very costly and splendid, and how he solved the riddle which was sent by Hiram. After the building of the temple, which was finished in seven years, the king laid the foundation of the palace, which he did not finish until thirteen years, for he was not equally zealous in the building of this palace as he had been about the temple; for as to that, though it was a great work, and required wonderful and surprising application, yet God for whom it was made, so far co-operated therewith that it was finished in the forementioned number of years; but the palace, which was a building much inferior in dignity to the temple, both on account that its materials had not been so long beforehand gotten ready, nor had been so zealously prepared, and on account that this was only a habitation for kings, and not for God, it was longer in finishing. However, this building was raised so magnificently, as suited the happy state of the Hebrews, and of the King thereof. This house was a large and curious building, and was supported by many pillars, which Solomon built to contain a multitude for hearing causes, and taking cognizance of suits. It was suitably capacious to contain a great body of men, who would come together to have their causes determined. It was a hundred cubits long, and fifty broad, and thirty high, supported by quadrangular pillars, which were all of cedar, but the roof was according to the Corinthian order, with folding doors, and then adjoining pillars of equal magnitude, each fluted with three cavities; which building was at once firm and very ornamental. There was also another house, so ordered, that its entire breadth was placed in the middle; it was quadrangular, and its breadth was thirty cubits, having a temple over against it, raised upon many grassy terraces, which temple there was a great and glorious room, wherein the King sat in judgment. To this was joined another house that was built for his queen. There were other smaller edifices for diet, and for sleep, after public matters were over; and these were all floored with boards of cedar. Some of these Solomon built with stones of ten cubits, and wainscoted the walls with other stones that were carved and of great value, such as were dug out of the earth for the ornaments of temples, and to make fine prospects in royal palaces, and which make the mines from whence they are dug famous. Now the contexture of the curious workmanship of these stones was in three rows, but the fourth row would make one admire its sculptures, where by were represented trees, and all sorts of plants, which shade the face of the earth for the ornaments of temples, and to make fine prospects in royal palaces, and which make the mines from whence they are dug famous. Now the contexture of the curious workmanship of these stones was in three rows, but the fourth row would make one admire its sculptures, where by were represented trees, and all sorts of plants, which shade the face of the earth for the ornaments of temples, and to make fine prospects in royal palaces, and which make the mines from whence they are dug famous. FORIA

and Children.

Casteria cures Colds, Constipation, Sour Stomach, Diarrhoea, Cructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Casteria,' and still always continue to do so as it has invariably produced beneficial results."

KEVIN F. PANDON, M. D.,
"The Watchdog," 1431 1/2 Street and 12th Ave.,
New York City.

THE COMPANY, 77 MURRAY STREET, NEW YORK.

The pottery tree, found in Brazil, is curious and useful. One would scarcely expect to find pines and firs and pichers growing in, if not on, a tree, but the material for them certainly grow in this tree. It is found in the form of slices, chiefly in the bark, although the very hard wood of the tree also yields it. To make this curious pottery the bark is burned, and what remains is ground to powder and mixed with clay.

"May I kiss you just once?" "No," she replied. "How many times?" he asked, unabashed.

dangers of the disease. It is the only book that will

The Latest Form of a Disease.

Active tuberculosis in a developed

state is rarely troublesome to the milk

dealers, and very few get milk from

such animals. But nearly every dairy

contains animals that have the disease

in a latent state, and nearly all who

drink milk in cities have some that

comes from cows with latent tubercu-

losis. The important question is, When

has the disease progressed far enough

to be dangerous, and how can it be

guaranteed against? No one can tell at

what stage in the disease the milk is

safe, or when it becomes dangerous. It

is also true that some are so much more

susceptible to the disease than others

that they contract it from milk that others

would be entirely free from. With children

the danger is greater than with older peo-

ple, and a child that is born with a feeble

constitution cannot stand much milk

that has these germs in it.

Boiling the milk or sterilizing it has a

tendency to eliminate the germs, but

not in all instances. This method re-

duces the nutritive value of the food,

which is already low owing to its dis-

eased condition, and not a great deal is

gained by feeding such food to children.

Nevertheless this is the only preventive

measure for those using milk in cities

during hot weather, and it should be

rigidly enforced. In the future, breeds

of cows may be bred which will not be

subject to this disease, and it is only

along this line of improvement that tu-

berculosis can be stamped out.—Yankee

Making Sand Pies in School.

Dr. Edward Everett Hale has written

upon many subjects. In *The Atlantic*

Monthly he touches a new theme—the

making of sand pies. He went to school,

he says, when he was about two years

old—a private school, and a very much

"go-as-you-please" sort of place.

The floor was sand with clean sand

every Thursday and Saturday after-

noon. This was a matter of practical

importance to us, because with the

CONDENSED NEWS.

Saturday, Nov. 19.

There has been eleven cases of cholera at Hamburg since Saturday. None of them were fatal.

A man with sixty-eight gold watches ordered.

New York Can Be Accommodated.

New York, Nov. 18.—The following letter was received by Arthur Lamley yesterday from Billy Murphy, the featherweight of Australia, who is now in San Francisco.

I will accommodate George Dixon at 15 pounds, or if he wants to fight at 130 lbs I will fight him for the championship and then pay him \$100,000. I don't want the belt, anyhow. It's no use to me. I'd sooner have the money. I can get to the Louisiana limit, 15 pounds, and fight strong, and I don't see why Dixon should not meet me, unless he's afraid.

New York Can Be Accommodated.

New York, Nov. 18.—Yesterday a neatly dressed man called at the banking house of Dubois & Co., in this city, and presented a fifty-day promissory note for \$100 made payable to Hon. James G. Blaine and bearing that statement's forged endorsement. The note was signed "D. S. Curran, pension office."

The teller told the customer that he would have to call again in an hour, as they had to send for some money and that he could not get the note cashed. In the meantime the police were notified, and, when the man returned to get his \$100, he was arrested.

He then admitted that he had forged Mr. Blaine's name to the note, as he was hard up. He said his name was Davis S. Curran, and that he was married and that he was a clerk in the pension office.

Colored People's Protest.

ALBANY, Nov. 18.—A largely attended colored convention is being held here to protest against the discriminations made against their race. The tenor of the debates may be judged from the following, taken from a circular calling them to the gathering: "We believe that such laws as the separate car law which forces a citizen to pay first class fare, and at the same time subjects him or her to a third-class ride in a smoker or an apartment adjoining a smoker, is not only unjust, but we believe also that such laws are relics of ignorance, superstition and prejudice and should be buried with the ruins of slavery. We believe further that such laws serve only to widen the breach, increase the prejudice, and encourage the races, all of which are incompatible with progress, law and order."

NEWPORT.

A bright spot in the political darkness of the past week, as viewed from a Republican standpoint, is the city of Pawtucket, which elected a Republican mayor and city government. The victory was complete, and handsomely supplemented that in Newport.—[Narragansett Weekly.]

Christmas falls on Sunday this year—five weeks from tomorrow.

DRINK AND DEATH.

Another Horrible Murder at North End, Boston.

A Russian Coalheaver Killed by One of His Traveling Companions—Two Men Arrested.

BOSTON, Nov. 18.—John Casper, a Russian, 22 years old, residing at 60 Salem street, and Timothy Senilsky, a Pole, 35 years of age, living at 100 Bulfinch street, passed last night in cells at station 1, North End, charged with murder.

The alleged victim was Ignace Volozus, a Pole, 39 years old, who lived in the rear of 12 North Bennett avenue.

The police of division 1 allege that the murdered man, the two men under arrest and another, an Englishman, passed last night drinking until they got more drunk than they could well stand. At several places the quartet were refused liquor, and so they passed up Hanover street. When they reached 242, near Porter street, about 9 o'clock, the men got into a quarrel, and suddenly Volozus was seen to fall to the sidewalk.

A big crowd quickly collected and one of the passers by ran to the police station on Hanover street and informed Lieutenant Hanley that there was trouble down the street. Lieutenant Pierce and Sergeant Howe, who were in the station at the time, quickly hurried to the scene, and there found a man lying on the sidewalk apparently lifeless. The man was taken to station 1, where Dr. Elliot at a glance saw the man was dead. He ordered his removal to the morgue, where an autopsy will be held on Saturday.

The police, soon after the affair occurred, learned that one of the men in the party had assaulted the dead man, hence the police at once went out on a search for his alleged assailants. In a short time Lieutenant Pierce and Patrolman Clark had arrested one of Volozus' companions of but a short time before. He gave name of John Casper, and a short time after his arrest Sergeant Howe and Patrolman N. C. May brought Senilsky into the station, having both of the men told such conflicting stories. Lieutenant Hanley looked both up, charged with murder.

Witnesses of the affair state that Casper threw a rock at the dead man, striking him in the head. When Casper was searched at the station house several rocks were found in his pocket. The other man in the party, an Englishman, escaped.

Death must have been instantaneous to Volozus, as he probably had an internal hemorrhage. He also died probably at the mouth. The two men under arrest will be put into court today, charged with murder, and will be held to await the result of the autopsy.

THE HANOVER MYSTERY.

Investigation of the Affair Leads to Suspected Murderer.

HANOVER, N. H., Nov. 18.—On the morning of Oct. 21 there was found scattered on the railroad track, just above Depot station, for a distance of nearly half a mile, the fragments of a human body, which, by a scum of letter found, was identified to be that of James A. Cunningham of this place. At that time the general supposition was that Cunningham was on his way on foot to his home, from White River Junction, Vt., and that the midnight express had run over him.

The theory was also advanced that he was thrown from the train, but the circumstances would not permit of such an interpretation. The finding of a jug near the place where the body was found was equivalent to a solution of the case in the minds of many, but this was stoutly and indignantly denied. Although no official action has been taken, certain individuals, chiefly members of Dartmouth college have been quietly making investigations. The results of their efforts have not been generally known.

A correspondent called upon Professor Ruggie, the police judge of this place and found him very free to express his opinion. "Do you have any idea," queried the reporter, "that there was any foul play connected with the death of Mr. Cunningham?" "I have no idea whatever. I have no reasonable doubt that he was murdered," replied the professor. Upon being asked the reasons for his belief, the following startling information was obtained:

COUNTING THE COSTS.

The Expenses of the Great Columbus Day in New York.

NEW YORK AND NEWPORT FINE WINE AND GROCERY.

RECEIVED TODAY.

30 Bls. Mt. Vernon pure Rye Whiskey, the finest made, free from malt, and possessing the fullest properties of the essential oils; aged 8 years; price, \$1.00 per gal.; a good bargain for \$5 per gal.
